

SOUTH LAKE TAHOE

Effective April 1, 2021, Southwest Gas is authorized to adjust natural gas rates for its California customers (General Rate Case Application (A.) 19-08-015). This results in an overall increase in annual revenues of \$3.4 million or 15.5 percent in Southwest Gas' South Lake Tahoe service territory.

To minimize bill volatility for residential customers, the Basic Service Charge has been increased and the number of residential baseline seasons increased from two to three:

Season	Months
<i>Summer</i>	June-October
<i>Spring/Fall - New (Winter Off-Peak)</i>	April, May and November
<i>Winter</i>	December-March

Monthly bills that reflect usage both prior to and after the effective date of the rate change will be billed the old rates for the usage prior to the effective date and the new rates for the usage after the effective date.
